

STUDENT DISCIPLINE

The Board recognizes that students are responsible for controlling themselves and for not disrupting educational programs. Students who persist in infringing upon the rights of other students to learn, in depreciating a teacher's status and efforts, in performing or exhibiting actions which degrade or harm other students or otherwise interfere with the normal operation of the district shall not be tolerated.

Appropriate disciplinary measures shall be used in the District. All teachers shall insure that proper student conduct is maintained in their classroom, in the halls, on school premises, on scheduled field trips and during school-sponsored activities.

A positive approach in the disciplinary measures shall be used, taking into account the dignity of the student, the seriousness of the infraction and the need for positive motivation.

When a teacher is unable to adequately handle a behavior situation alone, the teacher should contact the building principal immediately. Specific rules and regulations concerning student behavior shall be established by the administration.

The District shall not discriminate in standards or rules of behavior or disciplinary measures, including suspensions and expulsions, on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability. Discrimination complaints shall be processed in accordance with established procedures.
