	Junior Varsity	8
	Freshman	8
	Eighth Grade	8
	Seventh Grade	8
Wrestling		12

*Minimum level of participants needed for either a boys' or a girls' team.

Active/Inactive Status

The status of each program will be reviewed by the athletic director and building principal after the first practice and prior to the first interscholastic completion including scrimmages. In order for a program to be considered active, it must have a coach and must meet the minimum number of participants.

The coach shall submit a membership roster to the building principal upon request. The high school principal will determine the status of each program and report any changes in status to the district administrator and the school board.

After the initial determination of a program's status, that status will remain in effect throughout its season unless the number of participants becomes less than the WIAA minimum required to field a team. All activities of inactive organizations shall be cancelled for the school year and advisors will be paid on a pro-rated basis for work already performed related to the activity.

Approved: August 2, 1993
