# SCHOOL DISTRICT OF BONDUEL

## 2023-2024 DISTRICT ANNUAL MEETING

### AUGUST 21st, 2023

#### Bonduel Bears,

There is once again an excitement in the air. With a new year comes the excitement of new staff and students and parents participating in the educational experience for the very first time, along with those staff, students, and parents experiencing a lot of "lasts" on their journey to something else after this school year ends. In the meantime, we again hold the greatest opportunity ever to change the world, one student at a time. And this year we get to do it without the hassle and inconvenience of construction.

Don't get me wrong, there's still plenty to do and to analyze from a building and grounds standpoint, and we are fully in the process of doing so. However, there can now be other things that move to the forefront that will have equal and/or greater standing. Benefits for support staff remains an ongoing concern and discussion. Continuing to creatively come up with new ways to improve academic achievement and the overall educational experience. Respecting and honoring tradition while continuing to be progressive and forward thinking. We envision a scenario where mental health for staff and students again becomes a focus.

It is safe to say that the majority of teachers can expect a 4% raise that is retroactive shortly after the school year begins. As you know, support staff already start the year between a 3% and a 6% raise, depending on which employee group you are in. The 4% teacher raise is likely to be approved at our Annual Meeting next Monday night (6:00 p.m. in the HS Commons). With this and with many other things, the District is in a good place right now. That is a direct reflection of our staff and how fantastic you all are, and there will always be an endless supply of gratitude for you and for what you do for kids.

We believe there will be much to celebrate at the end of this next school year. Those retiring, the accomplishments that traditionally take place, and the new ones that we don't yet know what they will be. We hope you go into this new school year knowing that in your time here you've already made this a better place than you found it, given the community a better educational experience than they can get elsewhere, and that you should be confident and comfortable enough in your own skin, regardless of your role, that there's a reason you're here. There's a reason you're great, it didn't happen by accident.

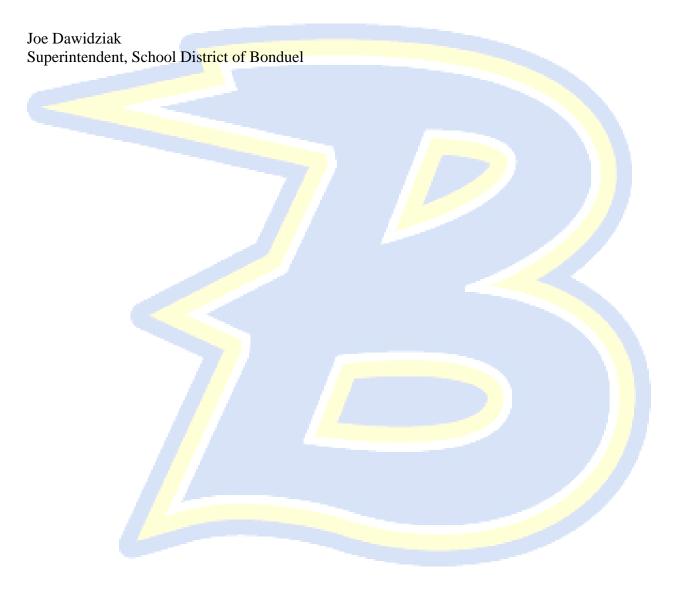

Time flies, it really is the blink of an eye. For you youngins, I'll bet it seems like yesterday you were in high school. For the rest of us, seems like yesterday our babies were actual babies or that our first year working in education seems like centuries ago. And so on. Point is, while we're inching along, it goes so darn fast. So, I encourage you to again take ahold of this year, and every one after, as the opportunities that they are to be great, to be yourself, and to change the world one student and one class at a time and in the way that is comfortable to you. Cause that's what you've been doing all along, whether you realize it or not.

To close, I repeat this paragraph every year I've been here, and it still holds true:

As the excitement grows and a new year gets closer, I reflect on what I seem to relearn every summer. Life is good. But it's just a little bit better in Bonduel. Over these past few years, it has been an absolute honor to serve the taxpayers of this District, but even more so to serve you.

I believe I speak for the entire admin team in that we do not take that lightly, and certainly do not take it for granted. I sincerely hope that down time over the summer with friends and family has been spent full of life, laughter, and the pursuit of happiness. I hope that you'll join me in looking forward to another season of renewed spirit, energy, and all that is good in education. It is, after all, what Bears do annually.

Yours in education,

#### **MISSION STATEMENT**

School District of Bonduel-Building pathways to educational excellence with personal attention.

#### STATEMENT OF PRINCIPLES AND VALUES

#### Fund 80—Community Service Fund

A community service fund is used to account for activities such as adult education, recreation programs, and other programs which are not elementary and secondary educational programs but have the primary function of serving the community. The Wisconsin Legislature provides school boards with the authority to levy a tax for the purpose of operating a community service fund. This tax is outside the revenue limits which restrict the tax levy for instructional purposes. As a result expenses solely for students or for utilities to operate facilities including custodial services cannot be expensed to a community service fund. Provisions under 2013 Wisconsin Act 20 now require school boards to report the purpose of community service funds. This summary is included in the Annual Meeting information to meet the statutory requirement of Act 20.

The Bonduel School District initiated a community service fund for the 2010-11 fiscal year. The establishment of the fund coincided with the fitness center's first full year of operation. Expenses for the salary and benefits of the fitness center director and staff as well as programming costs were assigned to the community service fund. All fitness center utility costs and custodial services were assigned to the District's general fund. The fitness center has operated for the past five fiscal years with a tax levy of \$25,000. This funding level has been sufficient to cover the designated expenses avoiding a deficit in the community service fund.

The 2023-24 budget includes a \$400,000.00 tax levy for the community service fund. The primary purposes of this allocation is the continuation of a 3K program, fitness center director and staff salary and benefits, and equipment addition and replacement. Additionally, at their February 4, 2012 meeting the Board approved an experiment to launch the Senior Tax Exchange Program (STEP) beginning with the 2013-14 fiscal year. The newly approved Senior Tax Adjustment Program (STEP) expenses will also be charged to the community service fund.

Board approval of the Bonduel STEP included a \$500 limit per household and a further participation limit of 10 households per year. Those interested would be credited with \$7.50 per hour for work at the school towards the \$500 annual maximum. STEP participants would have to be senior residents of the District who own property. The compensation would be in the form of a check payable to a local taxing authority. No one would receive compensation directly. School staff would submit requests for STEP assistance through their building administrators or supervisors. Community members interested in STEP could apply for those assignments. Hours of service would be logged and reported to and verified by building administrators and supervisors. The assignments would vary based on the need and expertise of the STEP volunteer. The range of assignments would be from instructional activities such as direct one-to-one student tutoring to

clerical copying and collating work and could even include small scale building projects. Further information about the program will be included in the District newsletter set for release in August.

Questions concerning the District's community service fund's purpose and usage can be directed to the district office and specifically to Joe Dawidziak, District Administrator (715 758-4850 Ext. 861 or dawidjoe@bonduel.k12.wi.us).
