

Career Pathways

Agriculture, Food & Natural Resources

This Career Cluster prepares learners for careers in the planning, implementation, production, management, processing, and/or marketing of agricultural commodities and resources including food, fiber, wood products, natural resources, horticulture, and other plant and animal products. It also includes related professional, technical and educational services.

The Seven Pathways

Food Products and Processing Systems

- Food and Drug Inspector
- Food/Meat Processor
- Agricultural Engineer
- Agricultural Educator
- Bioengineer
- Microbiologist
- Dietician
- Quality Control Specialist
- Food Scientist

Animal Systems

- Animal Caretaker/Trainer
- Animal Scientist
- Equine Manager
- Dairy Farmer
- USDA Inspector
- Veterinarian
- Veterinary Assistant
- Animal Nutritionist

Power, Structural and Technical Systems

- Database Administrator
- Machine Operator
- Welder
- Agricultural Engineer
- Waste Water Treatment Plant Operator
- Machinist
- Farm Equipment Technician

Environmental Service Systems

- Soil Conservationists
- Chemical Engineer
- Recycler
- Hazardous Materials Handler
- Water Quality Manager
- Toxicologist
- Conservation Wardens
- Wildlife Biologist

Natural Resource Systems

- Fish and Game Officer
- Logger
- Geologist
- Ecologist
- Logger
- Park Manager
- Wildlife Manager
- Agronomists

Agribusiness Systems

- Dairy Herd Supervisor
- Farm Manager
- Bank/Loan Office
- Agricultural Lender
- Feed Supply Store Manager
- Agricultural Products Buyer/Distributor

Plant Systems

- Plant Breeder and Geneticist
- Soil and Water Specialist
- Certified Crop Advisor
- Botanist
- Horticulturists
- Education and Extension Specialist
- Golf Course Superintendent
- Green House Manager
- Forest Genetics

Government & Public Administration

Government affects Americans in countless ways. In a democratic society, government is the means of expressing the public will. This includes a variety of activities. In fact, virtually every occupation can be found within government. There are, however, some activities that are unique to government. The federal government defends us from foreign aggression; represents American interests abroad; deliberates passes and enforces laws; and administers many different programs. State and local governments pass laws or ordinances and provide vital services to constituents. There are many opportunities in government in every career area. The Government and Public Administration Career Cluster focuses on those careers that are unique to government and not contained in another Career Cluster.

The Seven Pathways

Governance

- Legislative Assistant
- Congressional Aide
- Lobbyist
- County Commissioner
- Legislators
- Mayor
- Governor
- Lieutenant Governor
- Postmaster

Foreign Service

- Foreign Service Officer
- Diplomatic Officer
- Consular Officer
- Ambassador
- Diplomatic Courier
- Peace Corps
- Translator

Regulation

- Investigator/Examiner
- Code Inspector
- Bank Examiner
- Election Supervisor
- Child Support Officer
- Cargo Inspector
- Border Inspector
- Aviation Safety Officer

Public Management and Administration

- Court Administrator or Clerk
- City or County Clerk
- City Council Member
- City Manager
- Purchasing Manager
- Political Scientists

National Security

- Combat Control Officer
- Missile and Space Systems Officer
- Submarine Officer
- Infantry Officer and Specialist
- Air Defense Artillery Officer
- Military Intelligence Officer
- Cryptographer
- Intelligence Analyst

Revenue and Taxation

- Tax Examiner
- Tax Clerk
- Revenue Agent
- Internal Revenue Investigator
- Auditor
- Lawyer

Planning

- Planner
- Census Enumerator
- Census Clerk
- Federal Aid Coordinator
- Economic Development Coordinator
- Chief of Vital Statistics

Information Technology

Building Linkages in IT Occupations Framework; For Entry Level, Technical, and Professional Careers Related to the Design, Development, Support and Management of Hardware, Software, Multimedia, and Systems Integration Services. Anyone preparing for an IT career should have a solid grounding in math and science.

The Four Pathways

Network Systems

- Network Administrator
- Network Technician
- PC Support Specialist
- Telecommunications Network Technician
- Data Communications Analyst
- Security Administrator

Information Support Services

- Database Administrator
- Enterprise Systems Engineer
- Help Desk Specialist
- Technical Support Engineer
- Technical Writer
- Instructional Designer
- Application Integrator

Programming and Software Development

- Software Applications Architect
- Operating Systems Design/Engineer
- Computer Programmer
- Game Programmer
- Applications Engineer

Interactive Media

- Web Designer
- Webmaster
- 3D Animator
- Virtual Reality Specialist
- Multimedia Producer
- Graphic Artist

Law, Public Safety, Corrections & Security

The Law, Public Safety, Corrections and Security Cluster helps prepare students for careers in planning, managing, and providing legal, public safety, protective services and homeland security, including professional and technical support services.

The Five Pathways

Correction Services

- Warden
- Jail Administrator
- Program Coordinator and Counselor
- Public Information Officer
- Correctional Trainer
- Case Manager
- Community Corrections Practitioner
- Probation/Parole Officer
- Corrections Officer
- Detention Deputy
- Youth Services Worker

Security and Protective Services

- Security Director
- Security Systems Designer
- Physical Security Specialist
- Information Systems Security Specialist
- Computer Forensics Specialist
- Private/Cooperate Investigator
- Security Trainer/Educator
- Loss Prevention Specialist
- Security Systems Technician
- Certified Security Officer
- Armored Car Guard

Law Enforcement Services

- Criminal Investigator and Special Agent
- Immigration and Customs Inspector
- Federal Marshall
- Police Detective and Criminal Investigator
- Police, Fire and Ambulance Dispatcher
- Sheriff and Deputy Sheriff
- Private Detective and Investigator
- Police and Patrol Officer
- Evidence Technician

Legal Services

- Judge
- Magistrate
- Attorney
- Case Management Specialist
- Legal Assistant
- File and Document Manager
- Investigator
- Law Clerk

Emergency and Fire Management Services

- Emergency Management and Response Coordinator
- Emergency Planning Manager
- Emergency Medical Technician
- Fire Fighter
- Hazardous Materials Responder
- Dispatcher
- Training Officer
- Rescue Worker

Manufacturing

This diverse Career Cluster prepares learners for careers in planning, managing, and performing the processing of materials into intermediate or final products. Careers also include related professional and technical support activities such as production planning and control, maintenance and manufacturing/process engineering.

The Six Pathways

Production

- Assemblers
- Automated Manufacturing Technicians
- Bookbinders
- Calibration Technicians
- Electromechanical Equipment Assemblers
- Extruding and Drawing Machine Operators
- Medical Appliance Makers
- Tool and Die Makers

Manufacturing Production Process Development

- Design Engineers
- Industrial Engineers
- Labor Relations Managers
- Manufacturing Engineers
- Power Generating and Reactor Plant Operators
- Precision Inspectors, Testers and Graders
- Process Improvement Technicians
- Production Managers

Maintenance, Installation, and Repair

- Biomedical Equipment Technicians
- Communication System Installers/Repairers
- Instrument Control Technician
- Job/Fixture Designers
- Laser Systems Technicians
- Meter Installers/Repairers
- Security System Installers/Repairers

Quality Assurance

- Calibration Technicians
- Inspectors
- Lab Technician
- Process Control Technician
- Quality Control Technician
- Quality Engineer

Logistics and Inventory Control

- Dispatchers
- Freight, Stock and Material Movers
- Industrial Truck and Tractor Operators
- Logistical Engineers
- Logisticians
- Material Handlers
- Process Improvement Technicians
- Traffic Managers

Health, Safety and Environmental Assurance

- Environmental Engineers
- Environmental Specialists
- Health and Safety Representatives
- Safety Coordinators
- Safety Engineers
- Safety Team Leaders
- Safety Technicians

Marketing, Sales & Service

This diverse career cluster prepares learners for careers in planning, managing, and performing marketing activities to reach organizational objectives.

The Seven Pathways

Management and Entrepreneurship

- Chief Executive Officer
- Entrepreneur
- Franchisee
- Independent Distributer
- Owner
- Partner
- President
- Small Business Owner

Professional Sales and Marketing

- Account Executive
- Broker
- Field Representative
- Regional Sales Manager
- Retail Sales Specialist
- Sales Executive
- Technical Sales Specialist

Buying and Merchandising

- Clerk
- Department Manager
- Merchandise Buyer
- Merchandising Manager
- Operations Manager
- Retail Marketing Coordinator
- Sales Associate
- Store Manager

Marketing Communications and Promotion

- Advertising Manager
- Art/Graphics Director
- Creative Director
- Interactive Media Specialist
- Marketing Associate
- Public Relations Manager
- Sales Representative

Marketing Information Management and Research

- Brand Manager
- Database Manager
- Director of Market Development
- Product Planner
- Research Associate
- Strategic Planner, Marketing

Distribution and Logistics

- Distribution Coordinator
- Inventory Manager/Analyst
- Logistics Analyst/Engineer
- Logistics Manager
- Materials Manager
- Shipping/Receiving Administrator
- Shipping/Receiving Clerk
- Warehouse Manager

E-Marketing

- Copywriter/Designer
- Customer Support Specialist
- E-Commerce Director
- E-Merchandising Manager
- Fulfillment Manager
- On-Line Market Researcher
- Site Architect

Science, Technology, Engineering & Mathematics

A career in science, technology, engineering or mathematics is exciting, challenging, and ever-changing. Learners who pursue one of these career fields will be involved in planning, managing, and providing scientific research and professional and technical services including laboratory and testing services, and research and development services.

The Two Pathways

Science & Mathematics

- Biologist
- Chemist
- Geneticist
- Physicist
- Quality-Control Scientist
- Mathematician
- Statistician
- Research Technician
- Science Teacher
- Lab Technician

Engineering and Technology

- Aeronautical Engineer

Transportation, Distribution & Logistics

This diverse Career Cluster exposes students to careers and businesses involved in the planning, management, and movement of people, materials, and products by road, air, rail and water. It also includes related professional and technical support services such as infrastructure planning and management, logistic services, and the maintenance of mobile equipment and facilities.

The Six Pathways

Transportation Operations

- Transportation Managers
- Pilots
- Locomotive Engineers
- Flight Engineers and Attendants
- Truck and Bus Drivers
- Air Traffic Controllers
- Ship and Boat Captains
- Aircraft Cargo Handling Supervisors

Logistics Planning and Management

- Logisticians
- Logistics Managers
- Logistics Engineers and Analysts
- Consultants
- International Logistics Specialists

Facility and Mobile Equipment Maintenance

- Industrial Equipment Mechanic
- Electricians and Technicians
- Facility Maintenance Managers and Engineers
- Mobile Equipment Maintenance Managers, Technicians and Mechanics
- Diesel Engine Specialists

Warehousing and Distribution Center Operations

- Storage and Distribution Managers
- Warehouse Managers
- Industrial and Packaging Engineers
- Shipping and Receiving Supervisors
- Production, Planning and Expediting Clerks
- Freight and Material Movers and Supervisors

Transportation Systems/Infrastructure Planning, Management and Regulations

- Traffic Control
- Urban and Regional Planners
- Vehicle and System Inspectors
- Federal, State and Local Government Transportation Agency Centers

Sales and Service

- Reservation and Travel Agents
- Cargo and Freight Agents
- Customer Service Managers and Representatives
- Customer Order and Billing Supervisors
