The Bonduel teachers and staff work very hard to provide a safe and fun learning environment for students. Summer school is a great learning opportunity and privilege. Students need to understand their behavior must meet the same expectations given during the normal school year. Our staff understands there are times when students need redirection for their behavior. However, numerous redirections or a serious offense will be directed to the summer school administrator. The administrator will inform parents of this offense and determine the appropriate consequences, which may include a removal from all summer school activities.
